THE MEANING AND PROTOCOL OF THE MACE.

The Mace is the symbol of authority and legitimacy within the parliament. Its position governs the proceedings:

- **Presence:** A mace in the room signifies that the House is officially in session.

- **Standing:** If the mace is standing upright, no SRC (Student Representative Council) member can speak.
- **Lying Down and Crest Facing Up: :** If the mace is lying flat and it's crest is facing up, it means the house is in session and only parliamentarians can speak.

The Ultimate Rule: The mace must never touch the ground—doing so is considered an absolute aberration.

During a Committee Session, protocols are relaxed: anybody can voice their opinions and make contributions freely.
